LID (Mike Simons)

Treasurer's Report (Gary Hopping)
Balance on hand on 1/1/2018 of \$38,566

Curly Leaf Pond Weed[CLPW] (Steve Bardolph)

No treatment of curly leaf this year
PLM and DNR only found on plant during their surveys this spring
Additional CLPW points made:
Mike Simons – Drop PLM as our AIS treater
Change to a different source or option
One firm uses SCUBA divers to pull CLPW by

hand

Dan Martonik – Good plants and bad plants (refer to hand out)
Hardly and CLPW found in the lower lake
Strange spring, late ice out but lake water warmed quickly
Too late to treat water is above 60°F
Treating above 60°F will do more harm the good
Private treating and cutting of aquatic plants by property

owners

Simons/Trosvig

The two boards will formulate a plan to treat CLPW and present it
at the next meeting

New Business

Ron Trosvig presented a USLLIA sweatshirt to Bill Kronsedt for his tracking of lake water height for 23 years. Dan Martonik is taking over this task.
